

## Resolution In Support of Proposition A - 2024 – Flood Control Investment

Whereas, after Hurricane Harvey in 2017, our community invested in new, local stormwater drainage projects to reduce catastrophic flooding, including projects financed by the \$2.5 billion flood bond in 2018.

Whereas, the Harris County Flood District under Democratic County Judge Lina Hidalgo, Commissioners Adrian Garcia, Rodney Ellis and Lesley Briones has utilized the funding efficiently and effectively to protect our communities.

Whereas, Proposition A will fund the repair, maintenance and upgrade of flood prevention infrastructure, including detention basins and improvements to storm water and drainage systems, to protect homes and businesses and prevent flooding during extreme weather events.

Whereas, Proposition A was put on the ballot by a unanimous vote of Commissioners Court. The Texas Gulf Coast Labor Federation AFL-CIO, the Houston LGBTQ+ Political Caucus, and Houston Black American Democrats have also endorsed Proposition A.

Therefore, it is resolved that the Harris County Democratic Party endorses Proposition A and encouraged all Harris County democrats to vote yes on Proposition A.
